March 5, 1940 to July 8, 2012

*Our mother was one of the most amazing people  
we have ever met and will probably ever meet.*

*She spent her life caring for others.*

*She never put herself before others.*

*She would often go out of her way  
to reach those who were in need.*

*She was often a caregiver when the times called for it.*

*We knew anyone could come to her,  
no matter what the reason or circumstances.*

*We loved her with all our hearts and will truly miss her.*
