

William David Gruben

The family of the late William Gruben would like to extend a sincere and heartfelt thank you to everyone who helped us, provided comfort and care during the loss of our grandfather, father and husband.

To those of you who were at home with us during his final days - your compassion will never be forgotten and your love and support was a blessing. Much appreciation to Dr. Leah Seaman and Twyla Wilson for making William's last days as comfortable as possible and providing such amazing care; to all of the people who prepared and cooked for the feast in Tuktoyaktuk; to our families for being there to support us; to my co-workers and IRC, all of the people in the region for all of your thoughts and prayers, words cannot express what comfort you have brought to us during this difficult time.

Thank you

Gayle, Christopher, Janina, Karis and
grandson Nicholas Kalinek-Gruben
