

**Dragomir (Dragi)
A. Jovanovic
1925 ~ 2013**

Born in Belgrade, Serbia, Dragi died February 3rd at his home in Sidney, B.C. To his last moments, our wonderful man insisted on doing things his way. Louise, his wife of 38 years, and daughters Danica and Jovanka were at his side: we held his hands, filled him full of love and let him go. Special thanks to our family and many friends for their gifts of humour, constancy and energy. Gratitude to VIHA Nursing Services and Victoria Hospice for their support and expertise.

Friends and family will gather on June 1 to celebrate Dragi and his remarkable life. We will pay homage to this great raconteur and drink fine cognac as we regale each other with stories (and/or suitable lies). The memories we have of DAJ are riches that will never be spent. In lieu of flowers or food, please consider making a donation to Victoria Hospice. That, or coffee... for us, of course, we don't think that Hospice accepts coffee.
