

Lest We Forget

*One of our earliest pioneers
of the Mackenzie Highway has gone to the
big highway in the sky for better trucks
and better highways.*

Mr. Fred Lorenzen of Manning, Alberta passed on last week the 29th of January and will be truly missed by family and friends, myself having known him and consider myself a friend as I had the pleasure of riding with him to the N.W.T in 1947 to Hay River.

I'm sure some of the old double clutchers may still be around who remember him!

Keep on trucking Fred,
-M.Johnson

Life-long trucker Fred Lorenzen is shown ready to haul freight in his 1940 D30 International from Grimshaw to Hay River in 1945.
