

Mary McPherson

OCTOBER 2, 1934 to FEBRUARY 25, 2010

THE FAMILY OF THE LATE MRS. MARY (MCLEOD) MCPHERSON would like to thank all the people and organizations for their generous support, prayers and comfort through her battle with cancer and our time of grief. To the staff of the Stanton Hospital in Yellowknife, the staff at the Tulita Health Centre, thank you. To the People of Tulita, Bishop Croteau, Father Micheal, Father Theodore, Sister Celeste, and to all the people who traveled to Yellowknife and Tulita to visit with Mom, thank you – each and every one of you lifted her spirits and made her day.

In September 2008, Mom was diagnosed with cancer and after being unsuccessful with chemotherapy, came home to spend the rest of her time next to her family. We all truly learned from Mom all of our lives and this was true to the end as she talked to each of us and listened to all. Regardless of the pain she was in, we laughed, we cried and we shared many precious moments that we are forever grateful to the Almighty Father for. We do not want to miss any one of the many people that touched our hearts when you lifted Mom's spirits with all your kind acts (this is the part Mom would say "get to the point!")

Thank you all

Eddy Sr., Tisha, Eddy Jr., Bruce, John, RoseAnn, Bobby and Jimsey
