

Jacques Perreault (58)

January 6, 1956 to June 11, 2014

Jacques Perrault, of Yellowknife NT, was discovered on June 11, 2014 by the Yellowknife RCMP detachment, at the duck pond close to his residence on Highway 3. Jacques was out hunting for duck when a tragic drowning accident took his life.

Jacques was a loving, carefree man who lived a simple life during his remaining years out in a bush cabin of a close friend. He was a skilled carpenter, who enjoyed being on the land, hunting, fishing and cutting wood. He was happiest when enjoying the beauty of nature and laughter and smiles of his children and grandchildren. Jacques was a kind soul, who was loved by many people (and animals) near and far. His laughter and easy going nature made it easy for him to make friends wherever he went in life.

The family would like to invite everyone and anyone to join us to honour Jacques Perreault for the Final Farewell at his Celebration of Life.

Date: June 24, 2014

Location: Buffalo Airways Float Base (McAvoy Rd, Old town)

Time: 2:00 to 5:00 pm
