

In memory of

GEORGE JONES

I received a text from my son Lance on April 26th saying that George Jones passed away. It was a sad day for sure, but I am so glad that my cousin Florence Cayen and I had our picture taken with him and I was given a mini rocking chair that George autographed and a license plate with his photo on it. Those things I will treasure forever. After that I went to two more George Jones concerts in Edmonton with a very best friend of mine, Gordon. The only songs I play in the vehicle are good ole' George Jones because he is and always will be the best.
